Dear Professor Kotkovsky:

Professor Redlich has brought to my attention your letter of January 15, 1964, addressed to him in which you urge the Commission to make use of the services of a clinical psychologist in its investigations.

We certainly do not intend to limit our staff to members of the legal profession. We have, in fact, already appointed a consulting psychiatrist and plan to add others in the near future. We intend to draw on all disciplines which we feel will assist this inquiry and we will give careful consideration to your suggestion that a clinical psychologist be added to our staff.

Sincerely,

J. Lee Rankin
General Counsel
